

3 Gauge Center Dash Pod for 03-05 Dodge Ram

Warning: This Triple gauge dash mount will only work with vehicles that are 2WD or have a manual shifter for 4WD. This product WILL NOT work with electronic controlled 4WD.

1. Start by removing the screw on the passenger side of the radio surround trim above the molded hook with a Phillips head screwdriver.
2. Carefully remove the radio surround trim by releasing the spring clips using a panel pop tool.
3. Remove the pocket from the trim using a Phillips head screwdriver.
4. Install 1 mounting stud on the back of each gauge. When you are looking at the back of the gauge it should be the stud to the right. Be sure not to overtighten.
5. Slide the gauges into the gauge pod and place over the opening on the radio surround.
6. Using the 3 provided brackets, secure the gauge pod between the gauges and the radio surround with the washers and nuts included with each gauge. Be sure not to overtighten.
7. Follow the instructions included with each gauge to finalize the gauge installation process.
8. Reinstall the radio surround trim.
9. Reinstall the screw that was removed.
